Homework 2: Literature Review & Intro to Python

Research Paper Homework Instructions:

Finish finding 3 more articles that is related to your research topic. Provide of summary of the articles by answering the following questions:

- The central research question (what are they studying?)
- The context of the study (where is the study taking place?)
- What type of data is being studied?
- What do the authors find?

Add your summaries to your working overleaf paper linked HERE (Aley's Paper).

Start to think about what research questions you would like to answer. What are similarities between the studies? What are differences? **Be prepared to discuss your research idea in class. THIS WILL BE OUR MAIN FOCUS**

Find a dataset you are interested in through here:
- https://www.kaggle.com/datasets
- https://huggingface.co/datasets
- https://paperswithcode.com/

Python Programming Instructions:

Additionally please run through the first class's python notebooks through this folder:
- Class 1 Lab
